

WHICH LOCAL PHYSICIANS MADE THE COVETED LIST?

2011'S BEST DOCTORS

Whom would you send your family members to, or whom would you go to, if faced with a medical problem?

These were the questions posed to physicians by Best Doctors, Inc., to determine who stands out in our community. Founded over 20 years ago by two physicians, Best Doctors, Inc. surveys doctors for their top recommendations; the answers account for approximately 5 percent of the specialists in the country. Physicians cannot pay to be on the list or to be surveyed. The results for Marin and San Francisco specialties are printed on the following pages. Whether you are looking for a new doctor or know someone who has a specific need, this list can prove helpful.

These lists are excerpted from The Best Doctors in America® 2011-2012 database, which includes over 45,000 doctors in more than 40 medical specialties. The Best Doctors in America® database is compiled and maintained by Best Doctors, Inc. For more information, visit bestdoctors.com, or contact Best Doctors by telephone at 800.675.1199 or by e-mail at research@bestdoctors.com. Please note that lists of doctors are not available on the Best Doctors website.
